

# Nanyang Assistant Professorship (NAP) Scheme

To facilitate the application process, the following information will be required:

## Information required for application:

- Cover Letter (**what you have to offer and why you chose NTU**)
- CV with Full Publication List (with information on **citation and impact factor**). Additional Information (e.g., number of graduate students supervised, information on grants, patents) will also be helpful.
- Research Statement
- Detailed proposal of your research project (around **five (5) A4** pages)
- NTU's Schools of Interests (you are allowed to choose up to 3 schools)
- **At least three (3) external referee reports are required. [The referees must be at least Associate Professor or equivalent.](#)**

*Kindly request your referees to send their reference letters directly to [nanyangprofessorship@ntu.edu.sg](mailto:nanyangprofessorship@ntu.edu.sg)*

*[Only complete applications will be processed, and only shortlisted candidates will be notified.](#)*

## Guidelines in preparing your Curriculum Vitae (CV)

### Comprehensive CV should include:

#### 1. Personal Particulars

- Full Name (as per passport), contact details (email address, phone), nationality and date of birth.

#### 2. Chronological Employment History

- List academic and non-academic position held, provide names of employer/organisations, period of employment and position held/job title by chronological order - most recent first.

### 3. Education

- Clearly state the field of study, qualifications obtained and awarding institutes by chronological order - most recent first.

### 4. Publication list

- **Clearly state your H-index and citation count.**
- List your publications by chronological order – most recent first.
- Group your publication according to papers (refereed), papers (non-refereed), books, book chapters and others, including number of pages in bibliographic form.
- Publication must be in the format – <Authors> < Article title> <Journal title> <Issn/Date> and underline your name. **Include the doi of your publication.**

### 5. Awards/Patents (Other achievements)

### 6. Public and Professional Service

- List major invited addresses, fellowship in professional and learned bodies and professional qualifications.

### 7. Referees

- Include contact details of three (3) referees.

## **Preparing your research proposal**

### **Guidelines for a good proposal:**

#### **i. Articulate the “big problem” your research wants to solve**

- Is the problem significant and important?
- What is the significant difference between the proposed research beyond your post-doctoral work?

#### **ii. Explain why you are qualified to do this research**

- Have you ever led a team to solve a scientific problem?
- Do you possess the technical skills necessary to solve the research problem?

**iii. Be succinct** and keep the main body of your proposal (item c-g) to **within five (5)** A4-size pages.

Your proposal should include the following sections:

- a) Title page
- b) Table of contents

- c) Executive Summary
- d) Specific Aims/Objectives
- e) Background and significance
- f) Research design and methods
- g) Milestones and deliverables
- h) Annexes, e.g., References, Publication list, industry-link research and patents/inventions list, if any
