Description

PI – Professional Internship, PA – Professional Attachment (for Engineering Programmes). Refer to School's website for AU requirement of other attachment option.

^{*} For students without 'A' Level Physics and who need to read PH1012 Physics A (4 AUs).

[^] The AU requirement for the programme with second major is based on the assumption that students select the maximum number of courses which could be used to fulfil two requirements concurrently. Refer to website for more details.

^[] AU of courses that could be used to fulfil Core/Major PE requirement and second major requirement concurrently. Students from the School of Humanities may read any of the Core/Major PE courses that are listed in both your first major and second major. Please consult your School for further advice.

Description

- PI Professional Internship, PA Professional Attachment (for Engineering Programmes). Refer to School's website for AU requirement of other attachment option.
- * For students without 'A' Level Physics and who need to read PH1012 Physics A (4 AUs).
- ^ The AU requirement for the programme with second major is based on the assumption that students select the maximum number of courses which could be used to fulfil two requirements concurrently. Refer to <u>website</u> for more details.
- [] AU of courses that could be used to fulfil Core/Major PE requirement and second major requirement concurrently. Students from the School of Humanities may read any of the Core/Major PE courses that are listed in both your first major and second major. Please consult your School for further advice.

Description

- Pi Professional Internship, PA Professional Attachment (for Engineering Programmes). Refer to School's website for AU requirement of other attachment option.

For students without 'A' Level Physics and who need to read PH1012 Physics A (4 AUs).

The AU requirement for the programme with second major is based on the assumption that students select the maximum number of courses which could be used to fulfill

two requirements concurrently. Refer to website for more details.

[] AU of courses that could be used to fulfil Core/Major PE requirement and second major requirement concurrently. Students from the School of Humanities may read any of the Core/Major PE courses that are listed in both your first major and second major. Please consult your School for further advice.

Description © DI Pro

- Pi Professional Internship, PA Professional Attachment (for Engineering Programmes). Refer to School's website for AU requirement of other attachment option.

For students without 'A' Level Physics and who need to read PH1012 Physics A (4 AUs).

The AU requirement for the programme with second major is based on the assumption that students select the maximum number of courses which could be used to fulfill two requirements concurrently. Refer to website for more details.

AU of courses that could be used to fulfil Core/Major PE requirement and second major requirement concurrently. Students from the School of Humanities may read any

of the Core/Major PE courses that are listed in both your first major and second major. Please consult your School for further advice.

Description

PI – Professional Internship, PA – Professional Attachment (for Engineering Programmes). Refer to School's website for AU requirement of other attachment option.

For students without 'A' Level Physics and who need to read PH1012 Physics A (4 AUs).

[^] The AU requirement for the programme with second major is based on the assumption that students select the maximum number of courses which could be used to fulfil two requirements concurrently. Refer to website for more details.

AU of courses that could be used to fulfil Core/Major PE requirement and second major requirement concurrently. Students from the School of Humanities may read any of the Core/Major PE courses that are listed in both your first major and second major. Please consult your School for further advice.

- PI Professional Internship, PA Professional Attachment (for Engineering Programmes). Refer to School's website for AU requirement of other attachment option.

 For students without 'A' Level Physics and who need to read PH1012 Physics A (4 AUs).

 The AU requirement for the programme with second major is based on the assumption that students select the maximum number of courses which could be used to fulfil
- two requirements concurrently. Refer to website for more details.

 [] AU of courses that could be used to fulfil Core/Major PE requirement and second major requirement concurrently. Students from the School of Humanities may read any of the Core/Major PE courses that are listed in both your first major and second major. Please consult your School for further advice.
- Offered to prospective students from AY2024 intake onwards.

- PI Professional Internship, PA Professional Attachment (for Engineering Programmes). Refer to School's website for AU requirement of other attachment option. For students without 'A' Level Physics and who need to read PH1012 Physics A (4 AUs).

The AU requirement for the programme with second major is based on the assumption that students select the maximum number of courses which could be used to fulfil two requirements concurrently. Refer to website for more details.
 AU of courses that could be used to fulfil Core/Major PE requirement and second major requirement concurrently. Students from the School of Humanities may read any

of the Core/Major PE courses that are listed in both your first major and second major. Please consult your School for further advice.
