Connecting Research with Ethics

1. Ethics Approval for Student Research

Students conducting research on human participants and their supervisors should note the various requirements for ethics approval in NTU.

	PG by research	UG and PG by Coursework	Non-NTU students	Student groups, societies, halls
Examples	Ph.D/ M.A./ M.Sc students by research.	FYP, URECA, PG critical inquiry students by coursework.	JC/ IP/NRP students conducting research in NTU.	School clubs, interest-based clubs, hall councils.
Review requirement	NTU-IRB approval required.	Can be reviewed by School's ERC.	NTU-IRB or School's ERC approval required.	To check with faculty supervisor or hall master.

* The table is only a general guide. Please click the link below or **consult with IRB when in doubt.**

2. Requirements for Student PI, Faculty Supervisor

PIs have **overall responsibility** over the conduct of their research involving human subjects.

Students can be named as "Student PI" for student-led projects, but the student's faculty supervisor **must** be named in the "PI" section on IRB applications.

3. Access to ERMP

Students should complete the online **User Access Request Form** with your NTU/NIE email to request for access to ERMP.
