

IRB 360 NEWSLETTER

ISSUE 2023/08

Connecting Research with Ethics

1. New payment scheme (Corporate PayNow) for Research Participants

To facilitate payments to research participants, NTU corporate PayNow is now available for payment to external research participants.

For more information, please refer to the **knowledge article** in ServiceNow.

Click **HERE** to raise a payment request

2. Collection of Mobile Numbers

As participants' mobile numbers (which constitute Personal Data) need to be collected for PayNow payments, PIs are reminded to include a clause in their study's informed consent forms permitting the use and sharing of participants' personal data to third parties for payment processing. Please use the updated informed consent form templates provided in our **Forms Page** which already includes the appropriate clause in the "Confidentiality of Data" section.

Click here to access our **Forms Page**

3. Human Biomedical Research (HBR) and Human Tissue Framework (HTF) Seminar 2023

Are you conducting Human Biomedical Research or Human Tissue Banking activities? We invite you to attend this upcoming seminar hosted by RIEO to understand and refresh on the various requirements under the Human Biomedical Research Act (HBRA).

Please register for either of the sessions below. Both sessions are the same
