

Intelligence Life Cycle

This course serves as a valuable resource for enhancing the skills of current IT professionals aspiring to excel in the realms of cyber or data governance.

This course equips learners with the insights needed to make informed decisions and proactively counteract cyber threats. Feedback and insights derived from the outcomes of these actions are then utilised to refine and enhance the process of collecting and analysing intelligence, thereby ensuring a continuous cycle of improvement in threat intelligence.

SSG Funding support is available for this course:

- Fees before SSG funding and GST is S\$2,000.00
- Singapore Citizens (SCs) and Permanent Residents, (Up to 70% funding)
- SCs aged ≥ 40 years old will enjoy the SkillsFuture Mid-career Enhanced Subsidy, (Up to 90% funding)
