

Mastercard Cybersecurity Tools

This course is specifically tailored to meet the needs of professionals who seek to elevate their skills and knowledge within the domains of cybersecurity and data governance.

The proficiency in utilising tools and third-party external products is pivotal for Threat Analysts in their pursuit of intelligence gathering, investigating, and assessing potential indicators of compromise. These resources empower analysts to effectively combat emerging threats and enhance the security posture of their organizations.

SSG Funding support is available for this course:

- Fees before SSG funding and GST is S\$2,000.00
- Singapore Citizens (SCs) and Permanent Residents, (Up to 70% funding)
- SCs aged ≥ 40 years old will enjoy the SkillsFuture Mid-career Enhanced Subsidy, (Up to 90% funding)
