

## Tube Furnace

**Manufacturer:** CARBOLITE

**Model:** MTF 12/25/250

### Description:

The tube furnace has been designed to sinter or anneal organic/inorganic materials up to 1200 °C in the gas atmosphere or under vacuum.

### Specifications

- Tube size: OD 25mm, ID 22mm, length 600mm
- Input AC voltage: 220-240V/50-60Hz
- Max power: 70 KW
- Max Temperature: 1200 °C
- Constant temperature accuracy:  $\pm 1$  °C
- Heating strategies: program controller with up to 10 runs
