

Sociology Programme – Graduation Project (GP) Guidelines

Sociology Majors who are doing an Individual Graduation Project (HS4099 – 8 AUs) or a Team-based Graduation Project (HS4098 – 8 AUs) to fulfil the graduation requirements for the BSocSci (Honours) in Sociology must successfully complete the project within 2 consecutive semesters. The aim of the Graduation Project is to provide training in independent scholarly work. With the guidance of a supervisor, student will identify a research problem, formulate research questions, develop a theoretical framework and design a methodological approach. By the completion of the project, the student will have gained experience in theoretical reasoning, empirical research (especially the collection, interpretation and analysis of data), and the writing and presentation of research findings.
2. The GP should include:
 - a statement of the research question and significance
 - a review of relevant literature
 - a discussion of the research methodology used
 - an analysis of the findings
 - a conclusion, including a summary of the findings and a discussion of the significance and limitations of the research
3. The GP is an individual / team-based project. Student will develop, carry out, and complete a research project under the direct guidance of one NTU sociology faculty member.
4. GP completion procedure:
 - 4.1 **May 21st, 2024**
Students will be informed of the suggested research areas in which they can work on for their GP.
 - 4.2 **Jun 9th, 2024**

- If the page number is to be included it follows the year of publication after a colon:

- For three authors, give all last names in the first citation in the text; afterwards use the first name and et al.; for more than three names, use the first author's last name plus et al.:

(O'Connor, Orloff and Shaver 1999) (Bhaskaran et al. 2012)

- Quotations in the text must begin and end with quotation marks; the citation follows the end quote mark and precedes the period.

6. Academic Integrity and Honesty

- 6.1 Students should abide by NTU's Academic Integrity Policy. The University considers plagiarism, academic fraud and facilitating academic dishonesty as academic dishonesty. Students should re-familiarize themselves with the University's guidelines on academic dishonesty before embarking on the GP project. The guidelines are available online [here](#). See also <https://www.ntu.edu.sg/life-at-ntu/student-life/student-conduct> for the University Honour Code and Pledge.
- 6.2 Students are solely responsible for their GP work and should ensure that it is conducted in an honest way. If in doubt about what constitutes academic dishonesty, discuss with your advisor.
- 6.3 The University, the School, and the Division consider any form of academic dishonesty as a serious offense. Any student caught engaging in any form of academic dishonesty will be penalized. The penalties are severe and may include failing the GP and expulsion from the university.
- 6.4 You are required to complete the Assignment Submission Declaration when you turn in your GP. Your GP will not be graded until this form is submitted.
