

SYLLABUS Addendum

APRU GLOBAL SUSTAINABILITY – WASTE & THE CITY

AY24-25 Semester 1

This course is offered at NTU as GP7002 (3 AU) and is credit-bearing (P/F).

In addition to the APRU assignments and attendance requirement, NTU students are required to attend additional weekly sessions with NTU instructors and submit a term paper to receive NTU credit.

NTU Instructors

- Lead: Sierin Lim, School of Chemistry, Chemical Engineering and Biotechnology
- Teaching Assistant: Vineeth Menon, School of Mechanical and Aerospace Engineering

Course Schedule

Sessions will start on Wednesday, 21st August until Wednesday, 20th November 2024

Weekly Sessions:

- 21/8-4/9: NTU only sessions
 - Wednesdays at 9:00 AM – 12:00 PM
- 11/9-20/11: APRU + NTU only sessions
 - APRU: Wednesdays at 9:30 AM – 11:30 AM
 - NTU: Wednesdays at 9:00 AM – 12:00 PM

NTULearn Course Website

Enrolled NTU students will have access to [NTULearn](#).

Term Paper Assignment

To earn NTU credit, each student is to submit a term paper based on any global sustainability topics of interest with special emphases on activities in Singapore or the region.

Format of the term paper:

- Maximum 2 pages of text (A4 paper)
- 1 inch margins (top, bottom, left, right)
- 1.5 line spacing for text, 1 line spacing for figure legends
- Font: Arial size 10 for text, size 9 for figure legends
- The term paper should include a short background on the specific global sustainability issue (1 paragraph) and can be in the form of opinions, perspectives, or a factual summary of the progress/challenges of the issue.

The term paper is due on **22 November 2024** and to be submitted on NTULearn Turnitin portal.

APRU Certificate of Participation: In addition to NTU credit you can also opt in for the APRU certificate of participation by indicating your intention on this portal: <https://forms.office.com/r/bRNfAmrtxE>.

Questions: Please email apru-gs@e.ntu.edu.sg. All instructors will receive the email and will respond.
