

Teaching and Learning of Undergraduate Mathematics – sharing experiences from Delta 2011 Conference

Dr Lim-Teo Suat Khoh, Dr Cheang Wai Kwong,
Dr Ng Wee Leng, Ms Chua Kwee Gek & Mr Ho Foo Him

Date: 13 Mar 12 (Tues)

Time: 3.30pm – 4.30pm

Venue: MME Journal Room, NIE7-03-16

Abstract

In November/December 2011, 5 MME colleagues attended the Delta 2011 conference in New Zealand. The Delta conference series is one of very few conferences where mathematicians gather to discuss educational issues concerning teaching and learning mathematics at undergraduate level. Our colleagues will share their experiences at the conference. The sharing will even include some music which should interest Mathematics professors.

All are Welcome!
