

**NANYANG TECHNOLOGICAL UNIVERSITY
NATIONAL INSTITUTE OF EDUCATION
APPLICATION FOR ENTRY TO THE NIE
BA (Academic Discipline and Education)/BSC
(Academic Discipline and Education) Programmes
(FOR TRAINED NON-GRADUATE TEACHERS)**

JULY 2024 INTAKE

Non-graduate teachers who are interested in pursuing a degree programme are invited to apply for entry to one of the following degree programmes conducted by the National Institute of Education for the 2024 - 2025 academic session beginning in August 2024:

- Bachelor of Arts (Academic Discipline and Education) (Primary/Secondary) (Full-Time)
- Bachelor of Science (Academic Discipline and Education) (Primary/Secondary) (Full-Time)

Details on the abovementioned programmes can be viewed on the NIE website at <https://www.ntu.edu.sg/nie/about-us/programme-offices/office-of-teacher-education/programme-handbooks>

2. Different Pathways for Academic/Professional Development

The BA/BSc (Academic Discipline and Education) Programmes offer a pathway for student teachers who want to pursue an MA or MSc in their chosen academic discipline and eventually a PhD in their chosen discipline.

3. Entry Requirements

3.1 Applicants seeking admission must meet the following criteria:

- (a) Have obtained a Certificate in Education or Diploma in Education or Diploma in Physical Education and have done well in the programme;
- (b) Have good GCE 'A' Level or Polytechnic Diploma qualifications; and
- (c) Principal's recommendation.

Those who have performed well in further professional programmes like the Advanced Diploma and Diploma in Departmental Management/Management & Leadership in Schools Programme may also be considered for admission.

- 3.2 (a) Applicants who wish to read Sport Science and Education in the BSc (Academic Discipline and Education) Programme must pass the Physical Proficiency Test (PPT) conducted by NIE. Teachers who have been trained in NIE's Physical Education Programmes and who are still teaching Physical Education in schools are exempted from the PPT. Information on the test can be found on the NIE website at <https://www.ntu.edu.sg/nie/about-us/academic-groups/physical-education-and-sports-science/physical-proficiency-test>.

(b) Applicants who are teachers employed by the Ministry of Education must ensure that they have been granted in-principle approval for study leave for the period of study at NIE. For more information on the study leave scheme, please refer to the Ministry of Education Intranet.

If you require assistance, please email to the following:

moe_hscd_hrc_hub@moe.gov.sg

4. Academic Discipline Major

- 4.1 This area of study covers the subject knowledge and skills of the academic discipline in question. It equips student teachers with the disciplinary foundation for postgraduate studies as well as the subject knowledge and skills bases to teach the subject. All BA student teachers preparing to teach in the Secondary level must read an Arts subject as the Academic Discipline Major with a choice of an Arts or Science subject as the Academic Discipline Minor. Similarly, all BSc Secondary track student teachers must choose a Science subject as Academic Discipline Major with a choice of an Arts or Science subject as an Academic Discipline Minor.
- 4.2 The list of Academic Disciplines offered for the different programmes can be found in [Annex A](#).

5. Primary and Secondary Tracks in the Programme and Duration of Programme

Candidates will specialise in the methodology of teaching at either the primary or secondary school level. They are encouraged to pursue the degree programme track at the school level that they were trained to teach in the Diploma Programme. Those who choose to change school levels and/or Academic Discipline are advised that the change will involve a much heavier and longer degree programme and the change is subject to MOE approval. For those who change, it is estimated that a minimum of 6 semesters will be required to complete the degree programme if they are able to speed up. At the normal pace, it is expected that candidates will take 7 semesters to complete the programme. Candidates choosing to read new Academic Disciplines must also ensure that they meet the prerequisites (if any) for the new Academic Disciplines chosen.

Consideration will be given to all selected candidates for the granting of exemptions from degree programme courses based on what has been done in the Certificate or Diploma Programme.
